

WINDOWS AND DOORS

Traditional products with a modern performance

“At every step from design, through to installation and aftercare, the service we have encountered has been first class.”

HISTORY & HERITAGE

New windows should be aesthetically pleasing and offers an opportunity to add value to your home.

Our Classique range of windows and doors are designed to retain the elegant properties of traditional timber windows and doors. However they offer deceptively modern performance, eliminating draughts and redecorating problems that are associated with timber window and doors.

Classique windows and doors are manufactured in our modern manufacturing facility from unplasticized polyvinyl chloride.

The manufacturing process and final quality inspections are signed off by individual skilled craftsmen. This ensures Classique windows and doors will last well beyond any guarantee period.

The MECHANICAL JOINT WINDOW

To enhance the appearance and maintain the image of a traditional timber window with mortice and tenon jointed corners, we are now able to offer mechanically jointed corners by means of a patented mechanical joint. All transoms and mullions are also mechanically jointed.

Standard features

- Flush sash
- Dummy sash equal sightlines
- BFRC 'A' Rated
- Night vent facility
- Security hinge claws
- Mechanical transoms /mullions

Optional features

- Dummy butt hinges
- Leadlite
- Authentic georgian bar
- Peg stays

The WELDED WINDOW

All corners are fully welded and are finished according to colour. Transoms and mullions are mechanically jointed and are traditional in appearance.

CLASSIQUE WINDOWS

Classique windows and doors are manufactured to bespoke sizes in a variety of colour finishes to suit the appearance of your home whether a town house or a cosy cottage.

Unlike traditional timber windows, Classique windows will never need sanding or repainting and will never rot, split or swell. Their low maintenance requirement will keep your home looking at it's best for many years to come, with no more than the occasional wipe with a damp cloth.

Authentic Georgian bars are available giving a putty glazing line to make the exterior traditional looking and an ovolo appearance internally, to match the interior of the frame.

Leaded lights are also available with Diamond/Rectangle or a design of your choosing, to enhance your properties appearance.

Equal panes of glass in each Classique window, creates a balanced appearance of the glazed sightlines, to ensure total symmetry for the discerning homeowner.

DOORS

Classique flush doors are traditional in appearance with butt hinges and with a narrow centre mullion on french doors, which is typical of timber doors.

The flush door compliments our Classique windows in appearance to ensure your home is in keeping with a complete range of design options.

All our doors are manufactured with dummy sashes to fixed glazing which ensures equal sightlines and improve the visual effect to your home. Low thresholds are also available on our Classique door range.

SAFETY & SECURITY

Our Classique windows and doors have been indicatively tested to achieve PAS24, fitted with a well proven multipoint mushroom headed night ventilation facility with a secure shootbolt locking system.

Classique windows and doors are internally beaded for secure peace of mind. Fire escape stainless steel friction hinges are fitted to side hung opening sashes as required.

FLUSH TOUCHES

For traditional properties there are external dummy butt hinges available and dummy peg stays to create a further impression of a traditional timber window.

All Classique windows and doors are available with a selected range of secure locking handles in a variety of finishes, which include: Black, Chrome, White, Satin and Gold for your personalised selection.

High security door cylinders are available with key/key or key/thumbturn operation for your convenience.

Invisible on closed doors, our door restrictors are also available for outward opening doors for safety and peace of mind.

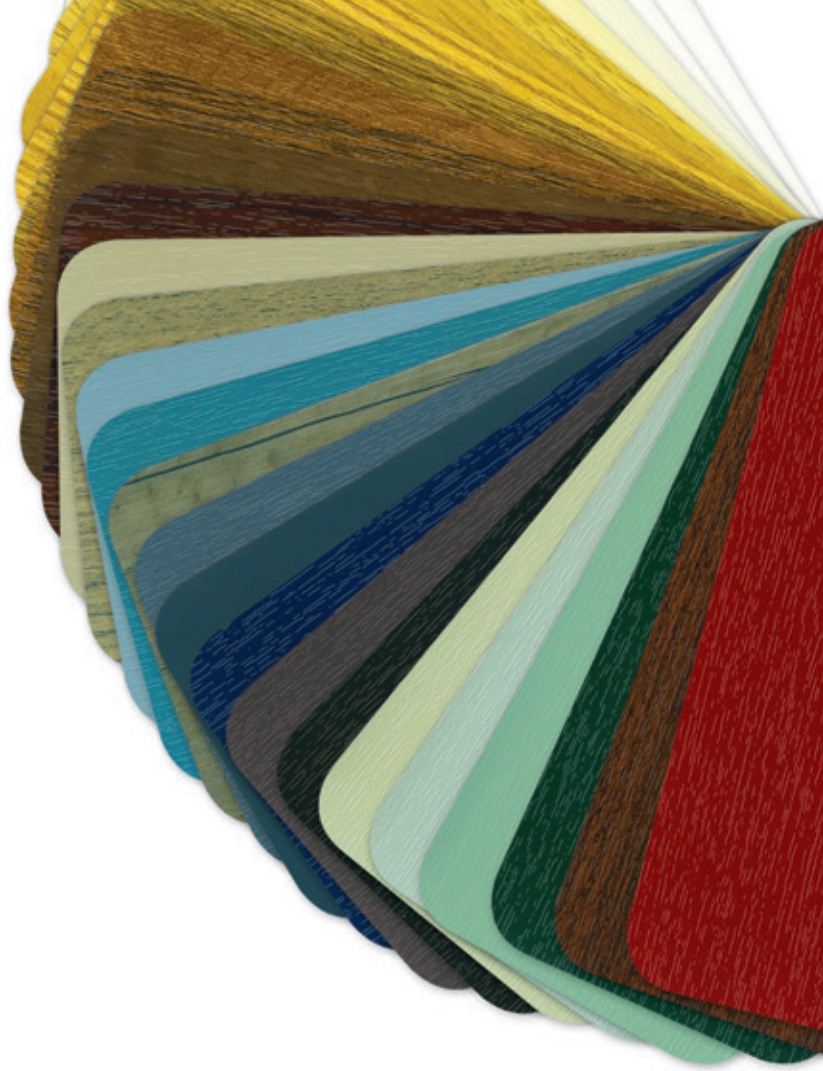

PICK A COLOUR

Classique windows and doors are available in an extensive range of foiled colour finishes and additionally a smooth white UPVc finish is also available to perfectly personalise your property.

Each colour and woodgrain finish has been designed to look just like traditional stained or painted timber and will require little maintenance.

You can also select different finishes for the inside and outside of your property. For example, you might choose a warm timber effect for the outside, such as 'Irish Oak' and bright white for the interior. You might even decide to specify a particular colour to match your kitchen – just speak to your representative about all the possible options.
